## President's Report

1972

A Baptist College of Arts & Sciences

DR. JAMES T. JEREMIAH  
PRESIDENT

### THE YEAR AT A GLANCE

It is expected that every college publish the President's Annual Report. Generally, this report is a rather expensive production prepared for a limited number of people who have contributed financially to the operation and expansion of the institution.

Cedarville College has what I believe to be a series of exciting achievements and goals worth reporting as an encouragement and challenge to the readers of the College Bulletin. For this reason this entire issue of the Bulletin has been given for the purpose of the report. In this way everyone interested in the program of the College can become acquainted with the progress being made and rejoice with us.

We anticipate that the following paragraphs will stimulate new and greater interest in this Christian College. We sincerely desire the concern of many who at this moment have not yet been challenged to join the ever increasing number of those who are prayerfully and financially supporting the College.

This past year has witnessed a great number of spiritual victories experienced in the lives of many of our young people. It appears to me that there is a greater interest in Christian service on the part of our students than anytime during the past several years. A number of our students have participated in the missionary internship program. This year 22 students have served in nine different countries. Others are spending a great deal of time in practical Christian service opportunities here in the homeland. Many of our young people have spent hours and travelled many miles to tell the good news of what Christ, by His death and resurrection, has done for all of us. This, we believe, is the way it ought to be in a Christian institution.

Probably the greatest academic achievement of the year has been the recognition by the North Central Association of Colleges and Secondary Schools, a goal we have been striving to reach for many years. The candidate status of the college in relationship to accreditation is a great step forward but certainly not an end in itself.

Periodically it is inferred that regional accreditation is a step toward doctrinal and spiritual compromise. It should be observed, however, that Christian Colleges do not lose their distinctiveness because of accreditation but because Trustees, Administration, and Faculty fail to stand for "the faith once for all delivered unto the saints." The Biblical position of the college is determined by the college and not by the accreditation association.

It should be kept in mind that before we can reach the final accreditation stage, we must have nearly 50% of our professors with the earned doctoral degree. One matter most vitally related to our friends who read this report is the absolute necessity of strengthening the financial picture of the college. We are confident that interested churches and friends through the next two years will give sacrificially

so that the financial structure will be in keeping with the requirements of North Central. Believe me, this is imperative, if your College is to achieve the recognition you expect of it.

We have been encouraged by reports from a number who have taken this as part of their own personal concern. More of our churches are placing the College on their budgets and some have increased the amount of their monthly contributions. We have reason to believe many others will do likewise.

One of the encouraging activities of the year has been the "Walk-a-thon" conducted by the students. This has been a student body project created by them and operated under their direction. Of course, the Trustees, Administration and Faculty have given their encouragement and cooperation. We are thankful to God for this student effort which has resulted in a total of some \$40,000 for worthwhile projects in relation to Cedarville College. The students voted to tithe this money and use it for the missionary internship program. They have contributed heavily to student loan funds and made a sizable contribution to the new science building. It occurs to me that this student-inspired project will challenge parents, alumni, churches and business organizations to respond financially with new enthusiasm.

We are excited and greatly encouraged by the progress made toward the completion of the new science building. As I write this report, the building is under construction. We have been assured that within the year it will be ready for use by the faculty and students. There is a sizable amount of money yet to be raised in order to completely pay for this building. On another page in this report you will find a current report of what has been given and a challenge for the goal we must yet achieve. We are sure, however, that interested friends will continue their contributions toward the construction and financing of this new building so much needed for the academic program of the institution.

Each year the financial structure of the College is audited by Lybrand, Ross Brothers and Montgomery. A summary of this report is available upon request.

Obviously, we do not have room in these few pages to give you details of all that has happened on our campus or is in the planning stage for the future. The best way to learn about the progress of Cedarville College is to plan a personal visit to the College. Let me assure you that you will be welcomed by faculty, staff and especially the students. Every effort will be made so that you can see the College as it is. We welcome the opportunity to talk with you and give you a firsthand report of the spiritual, academic and financial progress of the institution. The paragraphs which follow in this report will be informative as to the year just completed and the possibility of greater things during the coming months of the current college year. Won't you join us in this exciting and challenging Christian education opportunity for the year ahead?

**CEDARVILLE COLLEGE**  
Expresses Appreciation of  
The Generosity of Those Donors Who  
Have Contributed  
One Thousand Dollars  
Toward Construction of the Library

[illegible]

The construction on the new Science Center began on April 4, 1972. The exterior walls are now completed and in a few weeks the roof will be in place. The use of this lovely new addition is scheduled for the fall of 1973.

There is still an opportunity for friends of the college who are interested to participate in the financial support of this project. Approximately \$109,000 remains to be raised for the completion of the Science Center. Please designate your gift for this specific fund.

A plaque similar to the one in the campus Library will be displayed in the foyer of the new Science Center to show appreciation to donors who have contributed \$1,000 or more.

## CHRISTIAN LEADERSHIP ESTATE PLANNING

The professionally trained estate planning department of Cedarville College provides a free service to any individual in planning for the distribution of an estate. Proper planning by Christians during their life provides security for loved ones as well as giving substantially to Christian higher education, missions, a local church, or other charitable causes.

We would welcome the opportunity to work with you. There is no cost or obligation, of course.

## INVESTMENT CLUBS

Investment Clubs are made available to individuals, married couples, churches, and organizations for selection of varying degrees of participation. If the college is to reach its objective, every friend of Cedarville College is encouraged to participate in a manner consistent with ability.

The following Shareholder categories are available to donors. Each Shareholder automatically qualifies for the new Cedarville Associate program. The Shareholder and Associate programs are for gifts received during the fiscal year period, July 1—June 30. The donor report on the following pages is for gifts received from July 1, 1971 through June 30, 1972.

The word "share" has deep meaning. It signifies the opposite of "assess" or "tax." To be able to share something of yours with a person or an institution which you love and admire is no hardship—it is a privilege and a joy. Anyone who has the future welfare of Cedarville College on his heart should welcome the opportunity to share in its development.

Churches, individuals, or organizations already giving regularly to the college are automatically included as shareholders and have received the appropriate certificate.

Also, donors participating in the memorial opportunities of the Science Center program will receive the appropriate shareholders certificate.

### LEADERSHIP SHAREHOLDER—\$1,000 or more

### DEDICATION SHAREHOLDER—\$500—\$999

### LOYALTY SHAREHOLDER—\$100—\$499

### CEDARVILLE ASSOCIATE—\$25 or more

This program is designed to welcome friends and alumni back to campus by providing a membership card that gives the bearer the following campus benefits—free admission to home basketball games, free admission to Artist-Lecture series and major play productions. In addition there is a discount honored by Food Service for special events.
